The second closest Ancestry DNA match to **CVLAKE** is:

#### Kemper David Lake

Unfortunately it is unknown if this is Kemper David Lake Senior or Junior

What is interesting is that **CVLAKE** was born, raised, and died in Ontario, Canada, and is therefore most likely a descendant of a Loyalist Lake Family member.

I was not able to find the closest DNA match – Greg Edward Lake – but it was relatively easy to trace the ancestry of Kemper David Lake. However, Kemper's lineage seemingly does not include Canadian relatives.

Therefore, the question is: how is Thomas Lake related to the Loyalist Lake Family?

What could be determined is the lineage for **Kemper David Lake**:
