## ***Descendants of Lundy Boyd Faus***

THE HISTORY OF THE FAUS FAMILY LINEAGE FROM THE 18TH CENTURY AND SUMMARY OF DATA FROM 1803 TO 1961 (NOW 2000) by Sister Mary Euphrasia Faus, died 1968 Wichita KS, Sisters of the Adorers of the Blood of Christ Wichita Ks

The Major portions of the material of historical nature in this summary Sister Mary Euphrasia Faus obtained from Laura Faus, a granddaughter of Thomas Faus and Rachel Robbins and the daughter of their son, Theodore Smith Faus.

Origin of the Name: The name Faus is said to be a derivation of the name pf PFAUTZ ., More will be said about this later. Robbins: a family, which originated in England, Other of the family went to Scotland, and still others went to Ireland, where our ancestors of this name came from. The early Faus Lineage traces ancestors back to Germany, France, England, Ireland, and Belgium. TRACING THE FAMILY LINEAGE; BEGINS with the first known family that that name to settle in Pennsylvania sometime between 1780 and 1800. In this family, the 2nd generation made its appearance in the years of 1803 and 1809 in the persons of Thomas Faus I and Henry Faus II. These are the only offspring of the Henry I Faus family that this Faus database deals with. The oldest son of Henry Faus II is known as Henry Faus III and the second oldest son of Henry Faus II is known as Thomas Faus II, who was named for his Uncle Thomas Faus I, a brother to Henry Faus II. The data in this database (compiled by LD Pierce Dallas TX) using Sister Mary Euphrasia's work, and my own knowledge of the Henry Faus II family : ( William Delong Faus, George Weicker Faus, Rueben Faus, Juanita Faus Pierce, LD Pierce) In sister Euphrasia's original work she listed the Henry II family first because it was so small compared to the descendents of Thomas Faus. She states " the data from the Henry Faus II lineage is by far from being complete and takes only a few pages to records.....there is so much more data for the Thomas Faus I family....but it is still has much incomplete data due to (information not provided) by certain disinterested families."

Letter from Sister Mary Euphrasia Faus to her genealogical relatives: Jan 1962

Note these two letters were furnished to me--(LD Pierce) by Russell W Faus of Billings Mt on Feb 20 1998 He write to me... " Enclosed is a Copy of Sister Mary Euphrasia's work( note he furnished me with the First copy). I am also enclosing a couple of letters from the Sister. As you will find your lineage is through Henry Faus II, while mine is through his brother Thomas. Sincerely Russell Faus

Sister Mary Euphrasia's Two Letters: Jan 1962

" By the time this genealogical summary reaches each one f you , most likely the year 1961 will be on the ebb or even gone into eternity. But during the past year since April I have worked on the data for this Faus Genealogical Summary before turning all the data I have either as herein this book recorded, or in the form of the more historical type which I may be still have a certain amount of, but in comparison with what is here recorded it is very meager. As I was saying before I turn all I have over to Delbert Plastow, who is taking it upon himself the gigantic task of making a complete genealogical survey, and which may take him several years to complete. ( NOTE: from updating compiler LD Pierce: as of 1998. Delbert Plastow died suddenly and unexpectedly only a couple of years after Sister M Euphrasia wrote this very letter. In talking with his wife in Houston TX he never received any material from Sister M Euphrasia. Her planned

complete survey by him unfortunately never happened.) ... her letter continued... But its success will depend upon the cooperation with which he is offered the sufficient material from each family in aiding him to do what he so much desires to do for all of you... Namely to make a genealogy which may be not only handed down generation to generation ,but which may be continually built upon by each rising generation.

I wish to express my sincere appreciation for the assistance I have been given by the majority of those who were asked for data, and also for the free-will contributions made by many, which made it possible for me to make up the large number of pages in the genealogical summary and also to make up an Address Directory of over 30 pages for the use of the present generation of Faus Descendents. (NOTE: I (LD Pierce) have been unable to locate and copy of this Faus Descendents address book, if one is ever found or located please contact LD Pierce at PO 141324 Dallas TX 75214 This address book would be very helpful for me to continue updating the Faus information as Sister M Euphrasia Desired)... her letter continued...There may be typing errors, but I have surely looked over each stencil before it was sent to be printed. But have spent many hours making corrections after I got the many pages back from the Mimeograph, and may still have failed to find all the errors. It is due to the fact that my cataracts prevent me from teaching Piano lessons, and till the eyes are ready for surgery, that I have done this work, with reading glasses as my constant companion to see with. but even that has not always been an infallible guide.---So now I hope that What is here recorded in this booklet ( reprint available on request--LD Pierce Dallas TX) may be a guide to you and show just what a large family you are a member of....May God Bless each and every one of you--till we all meet above---

The Compiler:----- Sister Mary Euphrasia Faus

Additional Note: 1961

Dear Cousins:

Now that all the data on hand has been recorded, and that one summary has been bound and put in an envelope and weighed, we find that with the 44Cents postage for the summary and the 16 cents postage for the address directory , our postage does not reach the \$1.00 dollar mark as had been estimated before. But you all realize that much other postage was spent from this ending sending for data, so I feel that all is even now and any surplus postage will be used to send out the remaining summaries to others whom I feel are not able to send so much postage, therefore as soon as I get all the summaries bound I shall send out each one to those who have been so helpful in furnishing data, even though you have been unable to send out the postage ask for al all is fully paid by others and the generous contributions will also be used thus since all expenses up the slightly over \$200, has now been fully paid. Then what remains will be turned over to those Sisters who have so willingly given their time in printing our covers for us and who spent many hours mimeographing the many thousand sheets of paper for our book for us.

Once all the Summaries are out of the way , I still find many hours of work to do for Delbert Plastow, as then I shall type on the backs of all the permanent forms any historical data I may have on hand to send to him. (note as above: this never happened as to his sudden death ---LD Pierce April 1998) What I did may seem like a gigantic task, but what he will have to do in the making up of the Real Faus Genealogy will far surpass the little I have done so far. The work did not seem without any end at times but I feel fully recompensed for it in becoming acquainted through the mails with so many of the Faus Descendents in this county of ours. There is as a

whole a wonderful spirit among them of their sturdy and hard-working ancestors. Sister Mary Euphrasia Faus

To Rube's Daughter Juanita Faus Pierce (my mother-LD Pierce preparer)  
1958  
Dear Juanita

Your letter arrived only now and I'm surely interested in the information you have sent. Just last week I sent out addenda information. As our cousins Martha Faus Parish in Ft Wayne, Indiana got in touch with Lester Faus-a son of John Faus-John Faus a son of John Faus- John Faus was a son of Oliver Faus Oliver Faus was a son of Henry Faus. Oliver had a brother Norman Faus and another one Henry Faus III . Henry Faus III is the grandfather of Lester C Faus of Los Angeles, who I met in LA in 1956. This makes 2 Lester Faus's in the Henry (II) Faus history. Laura Faus or Oram's Orchard, Alton, New Hampshire sent me the larger part of the Faus History. My aunt Minerva (Faus) Rosebush did some search work into the history in the east some years ago.

In 1953 I was confined to bed after some surgery on my knee for torn ligaments. At this time I began compiling data, but never realized what a task it would become. However, whenever I think well now so much and no more, something new shows up in the mails, this has happened 2 or 3 times since January 1958.

First it was Thomas Throne Faus and descendents of Ohio--then Lester Faus of Bluffton Indiana, which set me clear on just where Norman and Oliver Faus came in and now you add another link to the Henry Faus III descendents.

Before long we may have all 16 of Henry 16 II's children listed. Henry Faus II and Thomas Faus were brothers. Thomas Faus is my great grandfather. Thomas Ware Faus and Henry Faus his brother are my two grandfathers. All of the Henry Faus' children are deceased but 3 of Thomas Ware Faus's children are still living--mainly my father Lundy Boyd Faus (89 years)-Minerva Faus? (80) In Mcook Nebraska, and Estelle May Faus (73) in Los Angeles CA. My father is in Santa Anna California.

I 'll enclose a copy of 1954 history plus the recent addenda but I've only a stenciled carbon copy to send. Hope this may help you out.

I have a nephew Rev Lawrence Harrison Faus in Fort Worth TX who is pastor of a Baptist Church there. He is my youngest brother's oldest son. My brother was a victim of a car accident in 1951. My mother Mrs. LB Faus died in 1908 and is buried in Dalhart TX. L.B. junior is buried in Sunset Garden's cemetery in San Antonio TX. My other brother Clarence Faus lives in Clayton new, Mexico. I've got a sister Mrs. A.C. Barton (Marguerite Faus) who lives in Alamogordo NM and my youngest sister Lila, Mrs. L.K. Bangarter, lives in Los Angeles. Then I have 4 half sisters all married.

Laura Faus the daughter of Theodore Smith Faus is a retired teacher and Librarian. She lives at Orams Orchard in Alton, N H. I received a card from her along with your letter. Her brothers Harold Faus of West Lynn Mass is an inventory for General Electric Co. there and has over fifty patents on his electrical inventions. Her other brother Herbert Faus has been the consulting engineer for New York Central line, but resigned last year as age is getting him down now.

About a Coat of Arms and a family crest, Perhaps Laura Faus could find out- or has Dr Neil Faus ever consulted LC Faus of Los Angeles who looks up family records as part of his work>??? Lester C Faus's address is Box 26061 Elendale Stations Los Angeles 26 Calif. I'm sure Lester would be happy to hear from you, being in his own lineage of the Henry (II) Faus family. When I visited my father in 1956 he met me at the airport with my Aunt Estelle and then drove up from LA to my home in Laguna Beach, 50 miles south of Los Angeles. He has promised me that when I get all my family data down Pat

the way I want it that he will photostat it for me, but the Faus lineage is just endless. Herbert Faus met another Henry Faus at Times Sq. in Philadelphia, whom he recognized as a Faus before introductions by his features. Now they talked about lineage and this Henry Faus just from German Since WWI could trace back his ancestry over 300 years. Maybe he knows of the crest and the coat of arms. Henry S Faus's address is in the first addenda. You may have to study up my findings like a puzzle, but I hope you will find some missing links. I still have many incomplete records.

Sincerely Yours-  
Sister M Euphrasia Faus

The Beginnings:

After the World War two Faus brothers came to this county from Europe and were sure they were the only Faus's in this county, but soon learned that there were others when one of them accidentally saw a Faus Van coming down the street where Henry Faus (of this recent arrival) was a traffic cop in Philadelphia. Not long after he met Herbert Faus of New York. It was then learned that the father of this Henry Faus had been born in this county, and returned to the native land of his parents. Now it could be that the father of this Henry and Williams Faus (brothers) was a son of Henry Faus I, as we know of him??? These brothers have been lost trace of, so it remains for us to find out. In another place sister Euphrasia states: " After World War One two Faus brothers appeared on the scene in the USA and were surprised to find other Faus's in their neighborhood. One was also a Henry Faus and his brother was William Faus. Upon meeting and talking to Herbert Faus of New York, they stated that their father had been born in America, but they were born in Europe. So this leads us to surmise that there may have been another son in the First Faus family to settle in Penn, but this also is only conjecture, as these brothers disappeared from the scene before any other information could be obtained."

Wichita, April 1975

Dear Sisters,

Kindly remember in your prayers our sister, SISTER EUPHRASIA FAUS, who passed Away about one o'clock this morning, April 9, 1975. She was 80 years old and had spent More than 54 years as a professed member of our congregation.

The daughter of Lundy Boyd Faus and Emily Elizabeth Faus, Sister Euphrasia was Born in Waterloo, Iowa, on August 23, 1894, and as Protestant baptized Ruth Lavina. She attended high school at the former St. John's Academy, Wichita, staffed by the Precious Blood Sisters. There on November 23, 1909, at age 15, she became a Catholic: she was baptized Celeste Marie in the Academy chapel.

Sister Euphrasia entered the congregation of the Adorers of the Blood of Christ in Ruma, Illinois, September 1, 1911, from Clayton, New Mexico. She was received into the community on July 16, 1912; made her first profession of vows on July 18, 1913, and her final profession on August 15, 1920.

In 1913 Sister Euphrasia began a teaching career of nearly 50 years-- 30 years in the elementary schools of Kansas, Nebraska, and Oklahoma, and 20 years in high schools in Windthorst and Pilsen, Kansas, and Sterling, Oklahoma. Besides her regular teaching, Sister was music teacher and choir, glee club, and orchestra director. From 1948 to 1952 she taught Saturday religion classes in Hamilton and Eureka, Kansas. She received her B.A. degree from Friends University, Wichita, in 1940.

Sister retired from teaching In 1960. At the provincial house in Wichita she continued to give music lessons for a time and worked on a family genealogy, which she completed in 1962. From 1967 to 1972 Sister was a patient variously at St. Mary's Hospital, Enid, Oklahoma; St. Joseph's Villa, David City, Nebraska; Mercy Medical Center, Dubuque, Iowa; and Mercy Hospital, Council Bluffs, Iowa.

In 1972 Sister Euphrasia was well enough to return home to the provincial house, but continued under doctors' care. She was afflicted with arthritis so badly that she could get around only by wheel chair. In February of this year she suffered a slight stroke which affected her speech, making it difficult for her to

communicate or others to understand her. On February 27 she was taken to Green Meadows Skilled Nursing Center near Wichita; and here she died, unexpectedly, apparently of a coronary,

Sister Euphrasia is survived by four half-sisters: Dorothy Petrow, Clayton, New Mexico and a younger half-sister also of Clayton; Beverly Sorenson, California City, California; and Coralie House, Eldridge, California; and by two nieces and two nephews: Betty Hawk, Lamar, Colorado; Lucille Ciccolella, Colorado Springs; Rev. L.H. Faus, Sparta, Wisconsin; and Bob Bangerter, Glendale, California. Sister Ramona Wolcott, a Dominican Sister of White Plains, New York, is a cousin.

Besides her great love for music, especially classical programs, Sister Euphrasia loved to paint, and during her lifetime painted more than a hundred pictures. As a creative artist she loved to make table favors for Christmas and other community feast days. A very joyful occasion for her was her diamond jubilee, celebrated on July 25, 1973, when several of her relatives, including her oldest sister and her Dominican cousin, were present. Sister Euphrasia was very prayerful in her own life. She was for some years under psychiatric care, and this and the great handicap of her physical condition undoubtedly combined toward making her often irritable and short-tempered. Yet she never nursed a grievance, and continued to strive to maintain a cheerful and generous spirit.

A prayer service will be held for Sister Euphrasia in the motherhouse chapel on Thursday evening, April 10, at 7:30. Her funeral will be on Friday afternoon, April 11, at 4:30. May she rest in peace!

#### PROVINCE OF WICHITA

Wichita:

Funeral services were held in the motherhouse chapel of the Sisters, Adorers of the Blood of Christ on April 11, for Sister Euphrasia Faus. Sister Euphrasia, 80, died on April 9, having been a professed member of the religious congregation for more than 54 years.

Monsignor: Charles F Walsh, Chancellor of the Wichita diocese, concelebrated the funeral Mass with Father Leonard Goettmoeller, C.P.P.S., motherhouse chaplain. Msgr. Walsh gave the homily and presided at the graveside services.

Sister Euphrasia, (born Ruth Lavinia Faus) was born in Waterloo, Iowa, in August 1894. She attended high school at the former St. Johns Academy in Wichita, KS, and there in 1909 at the age of fifteen, she became a Catholic. She entered the congregation of the Precious Blood Sisters in Ruma, Illinois, two years later; received the habit in 1912, and pronounced her perpetual vows in 1920.

In 1913 Sister Euphrasia began a teaching career of nearly fifty years in elementary and secondary schools of Kansas, Nebraska, and Oklahoma. Besides her regular teaching she was a music teacher, and choir, glee club, and orchestra director. She retired from full-time teaching in 1960 and resided at the Motherhouse in Wichita, KS, but she continued to give music lessons for some years. In addition to her great interest in music, Sister Euphrasia loved to paint; and in the years of her retirement she continued to paint until a few years ago, despite a crippling arthritic condition. She also worked almost twenty years on her family, FAUS, genealogy.

Sister Euphrasia is survived by four half-sisters; Mrs. Dorothy Petry and Mrs. Faustina Noen, of Clayton, NM; Mrs. Beverly Sorenson of California City, California; and Mrs. Coralie House of Eldridge, California. Sister Ramona Wolcott, a Dominican Sister of White Plains NY, is a cousin.

Dear Relatives:

Enclosed you will find your family chart (or charts) which is or are not completed enough for us to send to the State Historical Society of Pennsylvania Genealogical Library in Philadelphia, where all of the Faus Genealogical Charts are to be filed for the access of future generations. This way you will have or future generations will have the opportunity to examine or use this material for your own information or for research work in years to come. Now the charts must be as complete as we can possibly make them before we send them into Philadelphia. There are so any important items that have been overlooked, and both the husband's part as well as the wife's part of the chart are as important as the other to make a chart an integral unit for deposit in this famous library of genealogical records. At present we have a genealogist who does research work for Northampton County of Pennsylvania, where our great grandfathers were born, They are doing research work for us to see what they can find in regard to the missing data of our first Faus forebear, here in America, namely Henry Faus I and his wife Elizabeth Kepler . As we have it, it seems that only his first 5 sons and daughters were married in this country and remained here. Evidences from our work during the past years seems to point out that this first Henry Faus and the remainder of his family returned to Germany after the Kultur-Kampf and after World War II . More Faus brothers appeared on the American scene in the persons of another Henry Faus and a William Faus. The one met by Herbert W Faus of New York, and as soon as he saw this Henry Faus, then a traffic cop in Philadelphia he recognized in him features identical to those of his own father and brother. While talking to this Henry Faus, he learned that his father had been born in this country, but they ,Henry and William Faus, had been born in Germany.

When we started on our work in the history of the Faus's in America, Herbert Faus tried to locate one of either these two brothers, but without success, so are now trying to see if a genealogist can help us in this regard. So far more than 400 family trees have accumulated in our files, and more than 1000 family charts. Now the majority of these many charts are incomplete so now it means that we will have to send each incomplete chart directly to those involved in the chart for completion, and of course this is taking an unusual toll of postage stamps and envelopes and charts, to get all in readiness to be sent to Philadelphia. Then there are some new charts to be made up for those who have been married since the data was sent in for our Summary made in 1960. But we have had some generous relatives who have aided us in the financial part of the present project so far. Now we are awaiting for the findings of our genealogist, but there is still plenty time on hand as only about 100 of the several hundred family charts have been checked and sent to the individual whose charts are still incomplete. However, a nephew of mine has unearthed some very interesting data in Rapid City, S.D. and also from the S.E. part of Pennington County regarding some of the early Faus descendents of the Henry Faus II Lineage, and is still doing research work to get every fact he can possibly find for us. Really so many interesting items have been brought to my attention since I started work on the Faus Genealogy, that I feel the Faus's in America are a most remarkable line of ancestors and descendants. Of course every family may find a black sheep here or there in their flock, but the family records do not ask for any such information, not even the recording of divorces. I had been using plain work copies to send out for individual families to make their missing items completed upon, but am out of these so have ordered more copies, but it seems there are no more work copies, to be had, so will have to send out the regular forms, but I'll indicate with arrows where information is lacking so you will know where to fill in at. Now I'm writing all of these by hand, as to type them is too much an effort in my present health condition, and writing is not so straining on me. But the ones for Philadelphia will be typed.. Now you will note that so many have omitted the names of their parents, especially the maiden names of the mothers of both husband and wife. These are very important. Then not only the place and date of death and burial but also the places of both the death and burial, especially the cemetery in which one has been buried. Then another very desirable item which is very valuable and most interesting for future generations is something about the achievements of each family. For example the Education's, achievements, professions of each adult on our charts, and if any have been in the armed forces, when, where, and what ranks they have held. This surely would interest future generations. I do have much such data, but far too little for the thrifty spirited Faus tribe. As I know many of them to be. Now after all this has been deposited in the Philadelphia Library it is always accessible for anyone interested. But then newcomers to the Faus descendents must be reported to Delbert Plastow (now deceased 1985-Editor) who will take over them. He has been ill the past year and has a far more responsible position now, so his time has been curtailed. We do have some non-cooperative relatives who are withholding as many as 20 charts per family tree if all way in. Philadelphia will be too glad to get our 1000 or more charts when we get them finished.

Cousin Blake McKelvey Faus, of Rochester, NY, made the arrangement for us to get our genealogical records filed in this renowned Library at Philadelphia, founded in 1824.

Hoping to get an early reply from you with your completed charts:

I am most Sincerely Yours.

Celebration of Diamond Jubilee as Catholic Sister

Wichita: On Sunday July 15, Sister Euphrasia Faus celebrated her diamond jubilee as a Sister Adorer of the Blood of Christ.

Sister Euphrasia, 80, was born in Waterloo, Iowa, the daughter of Lundy Boyd Faus and Emily Elizabeth Faus. In 1911 she entered the religious community and made her first vows in 1913. Sister taught school for almost 50 years---30 years in the elementary grades and 20 years in high school; she began teaching in 1913. In addition to her regular teaching Sister was a music teacher, choir, glee club, and orchestra director. In high school she taught English, science, history, music and art. Sister taught in Wichita at the former St. Johns Academy in Kansas; Ellinwood, Angelus, Kinsley, Mess City, Andale, St Marks, ; in Okarche, Oklahoma, in David City Nebraska;

Sister retired from teaching in 1960 and came to the provincial house where she continued to give music lessons for a time and worked on the Faus family genealogy she completed in 1962. Currently Sister Euphrasia is "doing what she enjoys best"--painting about 2 hours a day. Other activities include personal correspondence and light duties in the provincial house, even though she is confined to a wheel chair. Sister was hospitalized for almost 8 years and is now "feeling the peace and joy of being home again"

Sister Euphrasia has one living sister Maguerite Faus Barton of Alamogordo, NM, who was present for the jubilee celebration.

Celebrant of the 10:00 a.m. Eucharist and homilist was Father Leonard Gottememoeller, C.PP.S., provincial house chaplain. Bishop Mark K Carroll was present in the sanctuary and gave the closing remarks. A reception and dinner for relatives and friends followed the celebration of Mass.

Notes for CLARENCE RAY FAUS:

postcard from Sister Mary Euphrasia Faus ( Ruth Lavinia) to my mother Juanita Faus Pierce on Oct 11 1962:

Dear Juanita Thanks for the information. With your letter in the same mail I got news of the tragic death of my brother Clarence Ray Faus who lived in Clayton NM, till 2 yrs ago when he retired and went to Albuquerque NM. After his stroke he had to have a driver and on Oct 1 his driver turned on to incoming traffic, their car collided with another sidewise, thus my brother was sensesly injured and Diec Oct 2. He was buried Oct 7. I often thought he favored your father in that Picture I have of him with his 3 brothers and His father George Weicker. George W is the very picture of my dad and the one on the lower left hand is the picture that looked so much like my youngest brother, whose son, LW Faus got the Faus-Terwilliger Data in Rapid City Iowa. Love Sister M Euphrasia. ( note this postcart note is also repeated in Clarence Faus notes section)

Another (Partial) letter dated April 27 1960 Room 43 St Francis Hospital Wichita KS

Dear Juanita Many thanks for you letter and the address also, and for Dr Neil's Letter. I made a few write in's as it was Charles Faus, my 1st cousin once removed who was shot by a burglar in hi home in Salt Lake City. He had one son, Norbert and one daughter Betty. Our cousin is trying to get Charles Faus's wifes address Her name was Bessie Taft Faus, whether she ever married again is not known. Cousin Cordelia Pullen Kendall is working on the Faus Vandercook genealogies and sending what she gets to Delbert. Will dekbert make his book up of all the Fauses?? I surely enjoyed Neils letter, and wrote to him sending a stamped envelope asking him to let Delbert know bout the family crest and Coat of Arms. Also rambled off a lot about the Oliver Faus....(.no other pages found here)
